

Absorpole[®]

CO₂ Neutral Certificate

This is to certify that the cradle-to-gate carbon footprint of the container desiccant Absorpole[®] delivered by Absortech Group in Falkenberg, Sweden, has been calculated and offset by third party partners to achieve carbon neutrality.

The product's CO₂ emissions from cradle-to-gate have been calculated by the IVL Swedish Environmental Institute.

Carbon offset is made by Tricorona Climate Partner via Gold Standard projects.

Rikard Kanmert
CEO Absortech Group
